Notes on Evaluation of Academic Achievement

Grades for assessments are given on a scale of 1 to 6. The highest grade is 6, the lowest 1. Half grades are the norm; quarter grades are possible. Grades lower than 4 are failing grades. Ungraded assessments are evaluated on a Pass/Fail basis, or are marked as Fulfilled/Not Fulfilled or with a W (Module in Progress).

ECTS credits are awarded if an assessment is marked Pass or given a grade of 4 or better. Credit can only be awarded for an entire module; partial credit is not given.

If the status is Successful, the module has been passed and ECTS credits have been awarded. Not Successful means either that the module was not

passed but the assessment may be repeated, or that the module was definitively failed and no ECTS credits were awarded. Module in progress signifies that a module lasts two semesters and that only the first semester was completed at the time the Transcript of Records was issued.

Graduation can take place only after all ECTS credits required by the prevailing framework ordinance and program regulations have been earned.
